"Lifting As We Climb"
NABA

**I have been a member of NABA since 2005...
Thanks to all of the resources that have been
provided it has helped to keep me on track
with passing my CPA exam and feeling like
I should stay in the profession even when it
was difficult. I live by the mantra lifting as we
climb and I try to help as many students and
professionals as I can along the way.
Thank you NABA.**

– Khalia Jones, *New York, NY*

The Value Proposition

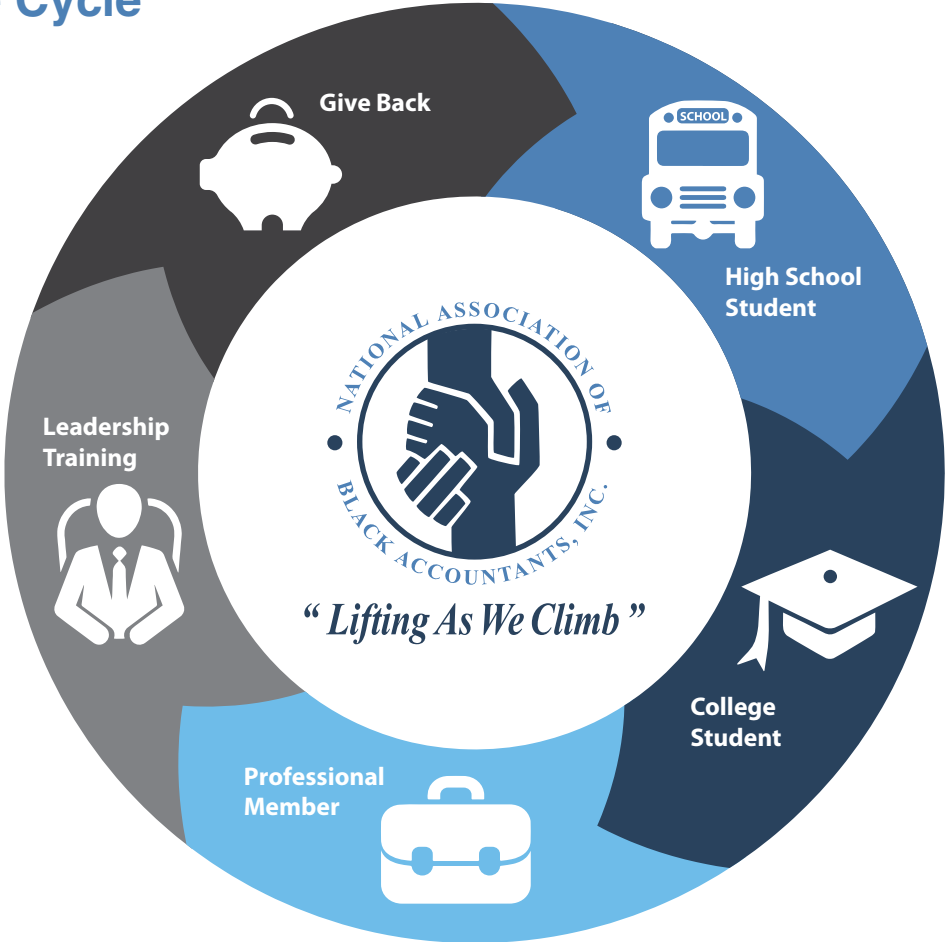

NABA was created in 1969 out of a need to provide opportunities for people of color in the field of accounting and finance, and to see those same people become business leaders.

Almost 50 years later, NABA continues to position its members for success by offering leadership training to help set them apart in the marketplace.

Positioning our members for success also means helping our corporate partners create more diverse work environments, demonstrate their commitment to diversity and inclusion and attract and retain diverse talent.

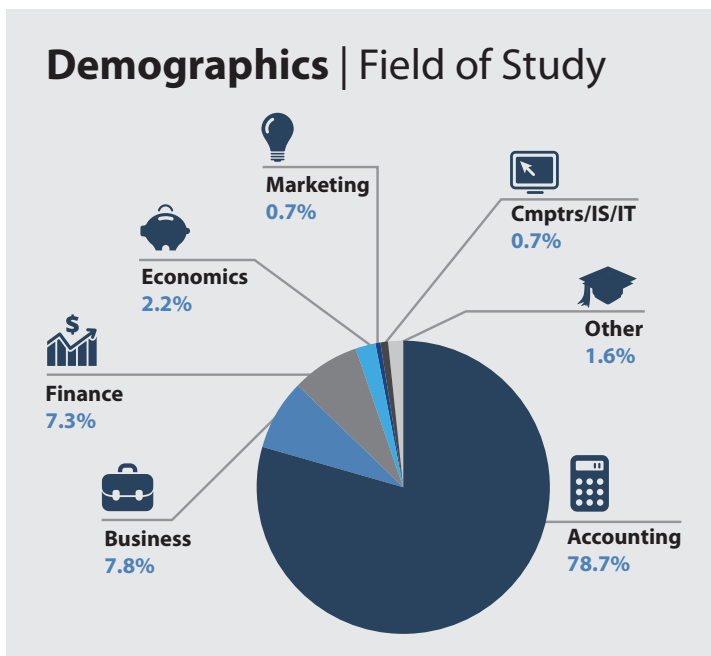

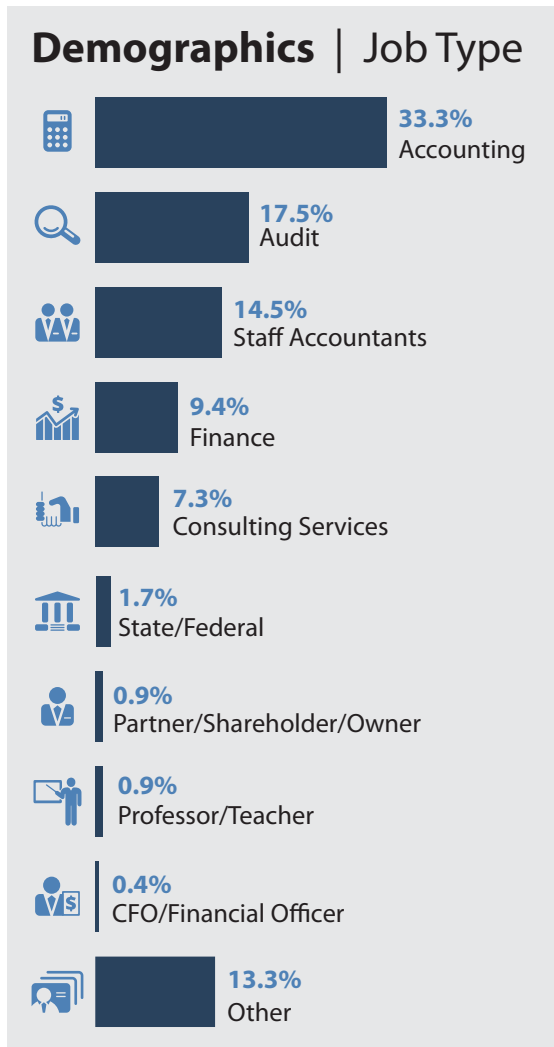

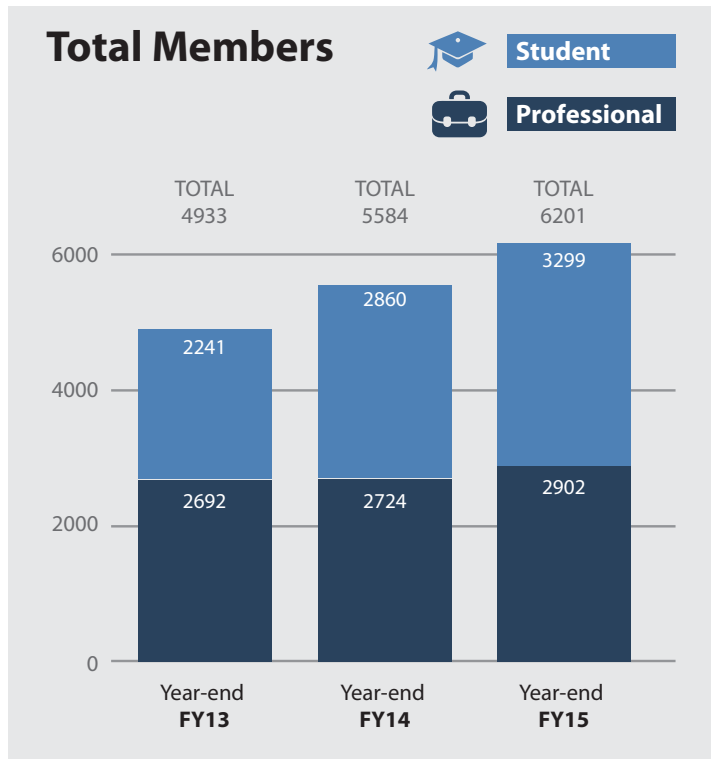

NABA Life Cycle

ABOUT NABA

NABA's vast network consists of 43 professional chapters and over 150 student chapters across the nation. Each chapter offers programming throughout the year to promote networking, education and leadership training.

NABA Membership

BUILDING A SUCCESSFUL AND ENGAGING PARTNERSHIP BEGINS WITH:

NATIONAL SCHOLARSHIP PROGRAM

Each year, corporate partners and NABA members give back to the organization in support of our mission of discovering and sharing knowledge. These gifts open the doors of opportunity for our students. Thousands of students have had the opportunity to benefit from more than \$10 million dollars in scholarships. Past recipients are now C-Suite executives, partners and managers at major accounting firms and Fortune 500 companies. Scholarships can be given in your company's name in a minimum of \$1,500 increments.

NABA QUIZ BOWL COMPETITION

The competition uses the popular Jeopardy gameshow format. The students are challenged with questions similar to those found on the CPA Exam. Students compete at the chapter level, regional level and then advance to the national championship held at the Annual National Convention.

This was my first experience to a convention. I must say that I was very impressed. I met some amazing people and learned some valuable lessons. Overall it was an experience I will never forget.

“Lifting As We Climb”

NABA

As a first time attendee and National Scholarship Recipient, the NABA National Convention changed my life. Not only were you treated and expected to exude the same professionalism as the professionals present, but the conference itself opened up a lot of avenues. I have built professional relationships, found great friendships and was given the opportunity to explore one of the most talked about cities through one of the most talked about organizations.
